About Our Partner:

GO Ministries empowers local leaders to make disciples as God redeems people, renews communities, and restores creation. GO trips are so much more than an opportunity to serve overseas. When you come on a trip with GO, you get a front row seat to see how God is using local leaders to make disciples in their cultures and contexts. GO prays that your time on the island will help you better understand your identity and purpose as a disciple of Jesus Christ.

Focus of Trip:

The group of families will support the work of the local pastors and leaders through construction projects, service projects, children's ministry, prayer walks, or any number of encouraging activities that serve the community and bring glory to God. These initiatives and other projects provide creative avenues for local leaders to clearly communicate the Gospel in their specific context, build relationships between teams and local leaders, and support the work of the local church in their community.
